INTRODUCTORY NOTE.

This publication is a complete roster of the active membership in the Columbus Chamber of Commerce up to the date of its issuance. It is designed for use for commercial purposes for those who are members as well as for the buying and selling public.

An alphabetical index of the names of active members is listed. Following that, a classification of the official membership according to occupations, professions, and locations is given.

The addresses which appear in this directory have been taken from those written upon the individual application blanks for membership in the Chamber. Since affiliation with the Chamber several members have changed their business addresses without notifying this office. A few deaths have occurred. As accurate data is printed in this roster as could be secured. A special request is made of each and every member that he co-operate with the undersigned in furnishing the correct data relative to changes in addresses, occupations, or professions of himself and of others of his acquaintances who are members.

H. S. WARWICK, Manager,
Membership and Publicity,
Columbus Chamber of Commerce
